

Become an Agent

Sticker Studio have specialised in custom name labels as well as reward charts and other products since 2015. Now you can become an agent for your area and also earn something extra!

INFO PACK

Sticker Studio will provide you with marketing collateral that you would be able to share on the platforms available to you, ie. social media and WhatsApp groups.

How it works

1

Reach out to potential clients from your networks or social media platforms using the marketing materials we've shared. Be sure to send them your latest Sticker Studio catalogue that will be provided.

2

Collect your clients' orders.
Do not place the orders until you have received full payments from all the clients.

3

Once you have received the payments, go onto www.stickerstudio.co.za and place an online order for their labels.

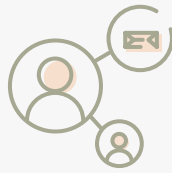

4

At the online checkout point, add your special AGENT COUPON CODE . This will ensure you receive your discount.

5

Once your order is complete, you will receive an invoice. Please make your discounted payment to Sticker Studio so that your order can be processed, created, and dispatched.

Guidelines

It is strongly advised to only make use of the marketing collateral provided to you - this will ensure that all published marketing efforts from all agents are on-brand and uniform.

Please ensure to double-check all customer orders for accuracy before finalising them. Confirm spellings and specifications with the customer to avoid mistakes.

Agents' discount percentages are based on their sales performance and will be re-evaluated annually on a specified date communicated to all agents. Earning potential is directly proportional to sales made.

Sticker Studio is committed to delivering orders in neatly and carefully packaged parcels. Agents are encouraged to appreciate both the products and their packaging as much as we do.

We value all customers and encourage agents to maintain a respectful attitude & handle complaints and difficult situations calmly and professionally.

Tips

If the orders you have placed need to be couriered to you, remember to include courier or Paxi costs at your client's expense. Collection in Wellington can be arranged.

It is always smarter to order a few orders together and send it to the same address to avoid multiple courier, postage or Paxi costs. Encourage your clients to collect from you if possible.

In the case where you need to send a parcel to a client, we recommend PEP's PAXI and The Courier Guy's PUDO, for sure!

Options & costs: **PAXI:** <https://paxi.co.za/send>;

Our choice: **PUDO:** <https://pudo.co.za/how-it-works.php>

Try and stick to your area so that all agent's can make a little money ;)

Make sure to get acquainted with the digital catalogue we'll provide. It will help you understand our products better and effectively promote them to potential clients.
